

**ISRAEL UNDER SIEGE**

# **EMERGENCY APPEAL**

## **URGENT NEEDS** **CHW PARTNERS ON THE GROUND IN ISRAEL**

Your unwavering support of CHW is needed now more than ever before.

Our partners on the ground are taking emergency action, focused on providing an immediate response to the critically ill and supporting our traumatized students in our youth villages and at our schools.

Hadassah Hospital, Shamir Medical Center, and WIZO have launched emergency appeals. 100% of proceeds from this emergency appeal will support our partners in Israel.

Your support will help WIZO provide emergency supplies for vulnerable populations, critical supplies for bomb shelters, food and clothes for displaced families, mobile shelters, remote learning supplies, therapy and resilience workshops for youth, and so much more.

At Hadassah Hospital and Shamir Medical Center, your generosity will help provide medical care for the large number of incoming patients in the emergency rooms and operation rooms. It is vital for these hospitals to increase their inventory of medical equipment in each unit because transportation from one area to another is limited due to the potential exposure to rocket and missile attacks. Your gift will support lifesaving care on the front lines as the stress on the healthcare system continues to grow.

Learn more about our urgent needs on the next three pages. Prices are in USD. Thank you for your support.
